

Annual Conference 2019 Vienna, May 9-10th

Programme

Wednesday, May 8th

Pre-Conference Workshops (Separate registration is required)

Parallel
Sessions
14:00-
17:30

Let's Update the EUSEA White Book! Help Us Shape a New Digital Toolbox for Public Engagement! (Administration fee 30 €)

Interactive Training Workshop with Sam Illingworth: Using the Creative Arts to Engage with Underserved Audiences (Training fee 100 €)

Vienna Open Lab Workshop: Creating and Facilitating Hands-on Activities that Matter (Administration fee 30 €)

15:00- 17:30: Excursion: Discover the Vienna Knowledge°room - a way to reach underserved audiences (Administration fee 30 €)

Thursday, May 9th

10:00- 11:00 Registration and Coffee

11:00- 11:20 Welcome Address by Leading Representatives from Open Science and Science Center Netzwerk Vienna, together with EUSEA President Mr. Markus Weißkopf.

11:20 - 12:10 1st keynote lecture: Melanie Smallmann
Science Communication for the 21st Century

12:10- 13:00 2nd keynote lecture: Sam Illingworth
Communicating Science: Arts as an Afterthought

13:00 14:00 Lunch break

Parallel sessions (I): Horizon talks, Team sessions, and Workshops

14:00 - 15:30

- Miguel Carrasco Tellado Quirante: MonuMAI: Making Citizen Science combining artificial Intelligence, art, math, and Dissemination
- Lena Söderström: The dark side of light: The star Spotting project
- Giovanni Prattichizzo: Tell me data-Statistics storytelling
- Andrea Troncoso: OurSpaceOurFuture: engaging and sustainable space-centered education that enables and empowers.
- Elena Kinz: School Citizen Science Projects: a vehicle to cultivate awareness on Sustainable Development Goals

Marie Nugent, Cas Kramer & G. Sian

What Do Universities Need to Consider when Developing a Public Engagement with Research Strategy?

Philipp Schrögel

More than the „Usual Suspects“ – Science Communication with and for Underrepresented Audiences

Konstantin Zilberburg

Interactive Design Thinking Workshop: Why Can't Scientists Communicate?

15:30- 16.00

Coffee Break

Parallel sessions (II): Horizon talks, Team sessions, and Workshops

16.00– 17.30

- Eveline Wandl-Vogt: Humanity centered engagement to foster knowledge for development
- Manuel Ballatore: Free bright conversations
- Barbosa-Gómez & Revuelta: Diversifying collaborations in research and innovation
- Jean-Paul Bertemes: Pairing Scheme: Politics meets Research
- Magriet Cruywagen: How can we create enabling spaces for research that informs or facilitates governance innovation?

Francesca Gale, Kenneth Skeldon, Lesley Paterson & Mary-Clare Hallsworth

Public Engagement with Research Prizes: Is Recognition Always Rewarding?

Barbara Streicher & Theda Minthe

Involving Migrants and Refugees in Science Communication

Marika Cieslinski, Michaela Poppe & Walburg Steurer

Engaging Pupils in Scientific Research: Discussing Opportunities, Impacts and Challenges

Parallel sessions (III): Workshops

17:45- 18:30	<p>María Larriva</p> <p>The Game of Brainy Roles: Join us in the Ultimate Multilingual Challenge</p>	<p>Ottobock</p> <p>Prostheses - between Medical Device and Fashion</p>	<p>Alessandra Cataneo</p> <p>The Future of Public engagement of science</p>	<p>David Price & Morana Mihaljević</p> <p>Biodiversity Means Life – Ecology on the Streets</p>
20:00	Conference dinner			

Friday, May 10th

11:20 am- 12:10 pm 3rd keynote lecture: Martin Moder
How I talk about science and why?

Parallel sessions (IV): Horizon talks, Team sessions, and Workshops

10:00 am- 11:30 am	<ul style="list-style-type: none"> • Paula Noya: Thinking Different for Producing New Formats on Science & Technology Communication • Edward Duca: STEAM Summer School: Not Just a SciComm Course • Iris Ott & Marianne Eisl: The Art of Joined Expertise • Marina Wirth: Science Goes YouTube – Web Videos as a Tool for Science Communication • Milla Karvonen: Changing Attitudes – Music as a Means 	<p>Kenneth Skeldon, Steve Scott, Agnes Szmolenszky, & Agnes Szmolenszky</p> <p>Unlocking the Potential of Engaged Researcher Communities for Science Engagement</p>	<p>Danielle Martine Farrugia, Menelaos Sotiriou & Jon Rea</p> <p>Reaching out to the ‘unreachables’</p>	<p>Lewis Hou</p> <p>Developing Relationships, Empowerment and Capacity in Engaging Science with Underrepresented Communities</p>
--------------------	--	---	---	--

11:30 am- 12.00 pm Coffee Break

Parallel sessions (V): Horizon talks, Team sessions, and Workshops

12.00 pm – 1.30 pm

- Theodoros Anagnostopoulos: Mind the Lab: A Powerful Tool on Bringing Science to the General Public!
- Beatrice Lugger: The Science Communication Starter Kit
- D. Escobar, M. Molins & A. Calderer: ESCOLAB-GOT AN IDEA! Engaging the Young
- Marika Cieslinski: Sparkling science- A funding Programme Fostering Cooperation between Schools and Academia
- Sheila Donegan & Cordula Weiss: Improving Problem-solving Skills through Play and Peer Teaching

Tobias Maier

Charting the Science Communication Funding Landscape

Edward Duca

Creating an Evaluation Strategy

Bentley Crudgington

Building Ethical Worlds; The Use of Immersive Theatre for Science Engagement

1:30 pm- 2:30 pm Lunch break

2:30 pm- 4:00 pm EUSEA General Assembly – Members Only
